Tragedy Averted.

"Just in the nick of time our little boy was saved" writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing sufficient to cure disorders of the liver or kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for rundown systems. It dispels nervousness, rheumatism and neuralgia and expels malaria germs. Only 50c, and satisfaction guaranteed by R. C. Hardwick, Druggist.

MR. "BOB" FERGUSON DEAD.**Succumbed to An Attack of Nerv-
ous Prostration Friday.**

Mr. Robert A. Ferguson, a well-known and much respected citizen, died at an early hour Friday morning after an illness of over a month of nervous prostration. Mr. Ferguson was, until his last illness, an employe of the Acme Mills & Elevator Co., holding the position of night-miller, and it is thought that the loss of sleep and rest brought on the attack of nervous prostration, which caused his death.

The funeral services were held Saturday morning at his late residence on Fourteenth street, conducted by Dr. C. H. Nash, pastor of the Baptist church, of which the deceased was a consistent and devoted member. Mr. Ferguson was 39 years old and was a man liked and held in the highest esteem by all who knew him. He is survived by a wife and one little daughter.

Strengthen the tired kidneys and purify the liver and bowels with a few doses of Prickly Ash Bitters. It is an admirable kidney tonic. R. C. Hardwick, Special Agent.

LOUISVILLE SCANDAL.**City Hospital in a Stew Over Racy
Developments.**

Louisville, Ky., Sept. 25.—Neither side will talk in the city hospital muddle, both Dr. Duncan and the members of the board of safety refusing to make any statement.

As stated in yesterday's dispatches, Dr. Ellis Duncan, the superintendent, resigned because of the dismissal by the board of safety of Miss Gagg's, the head nurse. The resignation was declined by the board, which, however, peremptorily dismissed Dr. Duncan. Several nurses in the institution have resigned and none of them will accept the place made vacant by Miss Gagg's dismissal. The latter says she may take the matter into court.

The key to health is in the kidneys and liver. Keep these organs active and you have health, strength and cheerful spirits. Prickly Ash Bitters is a stimulant for the kidneys, regulates the liver, stomach and bowels. A golden household remedy. R. C. Hardwick, Special Agent.

BEAUTIFUL STORY**Is Study of "Ten Nights in a Bar
Room."**

The vitality of "Ten Nights in a Bar Room" is a perpetual surprise. It holds its own easily with the present generation of plays and indeed in style and general scope of interest, surpasses many.

The story is a beautiful study, beautifully written, is familiar to us all, and to produce the play in a manner worthy of the story has been the ambition of Al. W. Martin. That he has succeeded is proven by season after season successes and the unanimity of press criticisms. It has been said that adaptability and sympathy are prominent qualities shown by each member of Mr. Martin's company, resulting in the play being represented in a delightful and graceful old fashioned style; a reproduction of former times exact and with all the flavor of the circumstances from which it professes to come and with a finish that gives it a place among the lightest specimens of dramatized novels.

The scenic effects are most impressive and add realism to the various scenes.

Specialties of the highest reputation in their line have been engaged. As a special attraction Mr. Martin has engaged the pneumatic boy singer, Robert Bell, late of the famous old Trinity church choir of New York City, who will sing and illustrate with his picture machine the season's latest and greatest song success.

This delightful treat in way of amusement will be seen at the opera house to-night, Sept. 29.

Little Blanche Mower, the wonderful child artist, will be seen as "Mary Morgan," the drunkard's daughter.

The Passing Of The Laborer

A week ago sixty farmers held up a train of the Santa Fe road, to search it for harvest laborers, even for amateurs, to whom they vainly offered ten dollars a week and three good meals a day. In that same land of labor-famines grangers will yet stop trains to bundle off super-numeraries, whose basis of support has been forfeited to labor-saving machinery. Wheat will be planted by square miles and harvested by ship-loads; syndicate plantations will crowd out hand-to-mouth farmers, with the exception of a few independents who will secure subsistence by an appeal to the privilege of primitive self help. Monster machines will excavate whole mountain sides and scrape coal from its layers into traction cars; the risk of mining strike troubles will be eliminated by the elimination of the miners.—From "Industrial Prospects," by Felix L. Oswald, in National Magazine for October.

Sioux City, Iowa, Sept. 25.—J. J. Snyder a cigarmaker of this city, has a case of appendicitis which is probably the only one in medical annals originating from the same cause. **Women as Well as Men
Are Made Miserable by
Kidney Trouble.**

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A SMASHING SEA YARN.**Of a Brave Plate and a Cowardly
Captain.**

There is no story better than a good sea story; such a one there is in the October McClure's by Colin McKay called "The Mate From Maine," simply the story of how a consumptive looking young fellow just out of the hospital, but already a famous mate took the old "Eliza Mae," with her cargo of coal, and her leaks, and her cowardly master, from Delaware Breakwater safe into Halifax harbor. It is the last story in the number. Look it up and read it.
